## SUMMARY

Third-year Computer Engineering student at Tribhuvan University, currently interning as a Backend Developer (Node.js) at Intersect Info Developers. Strong foundation in backend development and artificial intelligence, with experience building robust server-side applications and APIs focused on performance and scalability. Award-winning hackathon participant with a demonstrated ability to deliver innovative solutions under competitive conditions.

## PROJECTS

### ClarifAI

- Built a detection solution to combat the growing threat of AI-generated images and deepfakes.
- Fine-tuned machine learning models for improved accuracy and integrated the solution into existing systems.
- Awarded 1st Position at Sandbox 3.0 Hackathon, 2026.

### Hamro Chautari

- Developed a civic-tech platform designed to strengthen community engagement and participatory governance.
- Enabled citizens to report local issues, suggest improvements, and participate in transparent budget-related discussions.
- Recipient of People's Choice Award at CodeFest 2025.

### Hisab-Kitab

- Developed a money ledger web application with smart bill-splitting functionality.
- Features include transparent finance tracking, group expenses, business ledgers, and payment reminders.
- Awarded 1st Position at Ambition Hackfest 2025.

### Car Price Prediction

- Developed a machine learning model in Python to predict car prices based on brand, model, year, mileage, and additional features.
- Utilized Pandas, Scikit-learn, and Matplotlib for data preprocessing, model training, and visualization.

## TECHNICAL SKILLS

**Programming Languages:** JavaScript, Python, C, C++

**Web Development:** React.js, Next.js, HTML, CSS, Tailwind CSS, ShadCN, Three.js

**Backend & Databases:** Node.js, Express, Firebase, Supabase, PostgreSQL, SQL

**Tools & Platforms:** Git, GitHub, Linux, Figma

**Soft Skills:** Problem-solving, Team collaboration, Leadership, Time management, Adaptability

## AWARDS & HONORS

- **1st Position** — ClarifAI, Sandbox 3.0, 2026
- **People's Choice Award** — Hamro Chautari, CodeFest 2025
- **1st Position** — Hisab-Kitab, Ambition Hackfest 2025
- **1st Runner-Up** — Team Profit.exe, KU-Hack for Business 2025
